

Running Out of Time Required Activity

Your job is to make a travel brochure for Clifton Village.

**Have you ever visited an historical village (Old Sturbridge Village, Plimoth Plantation, Colonial Williamsburg?)*

**Have you ever been to a hotel or restaurant that has a display case of colorful brochures for interesting places nearby? (If not, you can go online to the villages above and download a brochure as a sample. Follow this link for Williamsburg's brochure: <http://www.visitwilliamsburg.com/maps-transportation/free-visitor-info/>)*

1) Pretend you have been hired by Clifton Village to design a tri-fold brochure (see image above) advertising the village to visitors.

2) Think about the kinds of information you should include. (For example: a brief history/description of the time period, colorful pictures, a description of what a tourist might expect to see and do, admission prices, days and hours they are open.)

3) Design a tri-fold brochure (by hand or on a computer) advertising Clifton Village.

4) Please be sure your brochure is detailed, colorful, includes pictures and words, has all pertinent information a visitor might need, and is neatly done and error free!

5) Have fun and be creative! These will displayed on our first bulletin board of the year.
